 Critical. [American Roman Catholic] From the Introduction:  
 1) Intended for students rather than scholars.  
 \*\*The bibliographies cite only works in English and concentrate on recent books over journal articles.  
 2) Concentrates on the NT rather than "Early Christianity."  
 3) Focuses on extant texts rather than their prehistory.  
 4) Designed to focus on reading the text first, then delves into issues of sources, authorship, dating, etc.  
 5) Most chapters close with a section titled "Issues and Problems for Reflection."  
 6) Aims to hold a centrist perspective.
